needs

Nurses' Health Study 3

# 100,000 nurses!

**Harvard researchers are recruiting 100,000 male and female nurses and nursing students for Nurses' Health Study 3**

In the past 35 years, more than 230,000 NHS participants have changed what we know about health.

**NHS3 is the next generation!**

- RNs, LPNs, and nursing students
- 18-46 years old
- In the US or Canada

**NHS3 participants:**

- Complete 30-minute online surveys about lifestyle and health
- Help people everywhere, now and into the future
- Join a world-renowned group of nurses
- Contribute to groundbreaking research on lifestyle, environment, nurses' worklife, and health

**Joining is quick & easy!**
